[redacted] 25X1A9a

Dear Lou:

This is an acknowledgement of your letter of 15 March 1954, concerning our meeting of 12 March 1954. At that meeting we agreed that a method of reaching a solution of the problem was for you to have a completely independent hospital diagnosis. We stated that we would not make any arrangements of this nature so that there would be no possibility of prejudicing the case. We also indicated that we would undertake to pay the necessary expenses of such an independent diagnosis.

It is my suggestion that you may wish to go to one of the larger hospitals in New York or Philadelphia and ask for a complete diagnosis of your physical condition. I would suggest that after you decide which hospital you would like to enter you get in touch with us to insure that it is acceptable.

This letter will constitute our guarantee of expenses,

Sincerely yours,

s/

Lyman B. Kirkpatrick
